'Intellectuals are Not Born But are Made'

As Knowledge is power, focus must be given to grooming dynamic leaders, not graduates. Our society needs enthusiasts with passion to transform India into a force to reckon with. I believe that the aim of education is the knowledge not of facts but of values. Our chairman always believed in value-based education, where modern quality education is imparted in an environment that is in conformity with our rich traditions and heritage. I strongly believe in the capabilities of the student community and ensure everything is done to reach them for their promising growth.

MEDICAL CAMP (07.01.24)

The NSS Medical Camp at Kovilur aimed to provide healthcare services and raise awareness about various health issues among the students and staff of Pushkaram College of Agriculture Science and the surrounding community. The camp was organized to promote the importance of preventive healthcare and encourage individuals to adopt healthier lifestyles.

RAWE 2020 BATCH

Youth Parliament (02.03.2024)

The inaugural session of the PCAS Youth Parliament took place on 02.03.2024, with an enthusiastic turnout from students representing diverse backgrounds and interests. The event commenced with an inspiring address by our esteemed Member of Legislative Assembly Dr. Muthuraja, who emphasized the importance of youth participation in shaping the future of our nation.

Objective and Vision:

The PCAS Youth Parliament aims to foster a culture of debate, dialogue, and critical thinking among students, providing them with a forum to voice their opinions on pressing socio-political issues and propose constructive solutions. Through simulated parliamentary sessions, workshops, and seminars, the Youth Parliament seeks to nurture leadership skills, promote civic awareness, and instill a sense of responsibility towards the community and the nation.

Women's DAY Celebration on 08.03.2024.

The Women's Day Celebration at PCAS aimed to honor and celebrate the achievements, contributions, and resilience of women within our college community. The event sought to inspire and empower women, foster gender equality, and promote awareness about women's rights and issues. Outstanding female achievers within the college community were recognized and honored for their academic, professional, and extracurricular accomplishments. Their achievements served as inspirations for others and highlighted the importance of recognizing women's contributions.

India's Techade-Chips for Viksit Bharat at 2047 on 13.03.2024.

We conducted India's Techade-Chips for Viksit Bharat at 2047 in Pushkaram College of Agriculture Sciences, Pudukottai, Tamil Nadu, with 150 students participating on our campus on 13.03.2024. This program is very helpful for the youth of our nation. The Prime Minister underlined that only a handful of nations in the world are manufacturing semiconductors today and emphasized the need for a reliable supply chain after the disruptions caused by the corona virus pandemic. He stated that the youth of today are well aware of the opportunities being created for them, be it space or mapping sector and mentioned opening up these sectors for the youth. He credited the unprecedented incentives and encouragement for India becoming the third largest startup ecosystem in the world and said that today's occasion would create new opportunities for startups in the semiconductor space.

India's Techade-Chips for Viksit Bharat at 2047

India's Techade-chips for Viksit Bharat At 2047

Thank you once again for your attention to our quarterly report. We remain committed to transparency, accountability, and continuous improvement in all our endeavors. Your support and guidance are invaluable to us as we strive to achieve our mission and serve our stakeholders effectively.

We look forward to your feedback and guidance on the report's contents and are eager to discuss any further insights or actions that may arise from its review. Together, we can ensure that our organization continues to grow and thrive in fulfilling its objectives.

International Forest Day

National Service Scheme, Pushkaram College of Agriculture Science, organized “International Forest Day” on 21.03.2024 at about 10 a.m. Mr. R. Neppolian, Manager, PCAS, inaugurated the tree plantation event. The main objective of the event is to create awareness of climate change issues, the importance of forest and tree plantations. The theme of this event is “Plant Trees! Save the Earth.” Dr. S. Rajaguru, Mr. V. Thirumal Kannan, Ms. S. Soumiya, and Dr. R. Mary Ruby Shyla participated in this event. More than 100 student volunteers participated in the program.

Word Water Day

National Service Scheme, Pushkaram College of Agriculture Science organized “World Water Day” on 22.03.2024 at about 11 a.m. Ms. S. Soumiya, Assistant Professor, welcomed the gathering. Dr. V. Shanthi, Vice Principal, PCAS, spoke in his inaugural address on the need and importance of water conservation and irrigation in farming. The theme of this event is “Save Water, Save Life”. Dr. S. Rajaguru, Mr. V. Thirumal Kannan, Dr. R. Mary Ruby Shyla and Ms. R. Radha participated in this event. More than 100 student volunteers participated in the program.

JOB MELA – 2024 **29.03.2024**

Job fair recruitment involves participating in events where employers and job seekers meet, allowing companies to connect with a large number of potential candidates in person. It's valuable as it provides a platform to showcase the company's brand, engage with candidates directly, and expedite the hiring process by conducting on-the-spot interviews.

Pushkaram College of Agriculture Sciences organized Job Mela 2024 on 29.03.2024 for Agriculture Graduates. Ten core companies participated and recruited the students. More than 150 students participated in the Job Mela 2024.

Dr. T. Arumugam, Vice Chancellor, Thiruvalluvar University, Vellore, Dr. Kala, ViceChancellor, Mother Teresa University, Kodaikanal and Dr. Nakkeeran, Dean, AC&RI, Kudumiyanmalai inaugurated the Job Mela 2024

Prof. S. Rajuraman, Principal, PCAS presided over the Job Mela 2024. He encouraged the participating companies to continue supporting the job fair positively. He inspired the students to seek suitable employment that utilizes their acquired knowledge and talents, ensuring success in life.

Dr. V. Santhi, Vice- Principal, PCAS gave welcome address. She emphasized that the curriculum is designed to meet students' academic and career-related skills, making them well-prepared for various job opportunities.

Dr. R. Rajkumar, Principal Scientist, MSSRF, Pudukkottai gave introduction to job fair. He expressed that the Job Mela 2024 will provide participants with an insightful perspective on job scopes and opportunities in different fields. This might help you in the challenging task of deciding on your personal career path.

K. Aravind Karuppiah, Director, M. Karuppiah Fertilizers, Pudukkottai and Kavitha Murugappan, Managing Director, Kavi Infotech Private Limited, Pudukkottai motivated the students in achieving their career goals.

Mr. Veeramuthu, District Secretary, Tamil Nadu Science Form, Puthukottai and Mr. K.Sadhasivam, Chair Person, Child Welfare Committee, Puthukottai gave special address on “Importance and Purpose of the Job fair”.

Seed Sowing Festival conducted at Pushkaram College April 15, 2024

Pushkaram college of Agricultural sciences is affiliated to Tamil Nadu Agricultural University, Coimbatore. Our college is one of the leading Agricultural colleges with maximum infrastructure facilities and high-tech laboratories available for the purpose of student's education.

The crop production technology II AGR 303 (0+2) course is designed by TNAU. As per the guidelines of TNAU, our college has taken all earnest steps to raise the irrigated maize crops under the area of 2.5 acres.

Right from the preparation of fields such as ploughing, Forming ridges and furrows, Application of fertilizers and Manures to the fields, Sowing of seeds, Irrigation, Weeding, Plant protection measures, Study of morphological characters of plants, Yield parameters, Plant protection measures at need based, Harvest and Post harvest methods followed by the students as per the TNAU recommendations.

Finally calculate the cost of cultivation and assessing the Cost-Benefit ratio (CB Ratio) of maize crops. The above said crop husbandry paves the way for students to understand the Agricultural crop production at field level in total. This will create self confidence among the students as well as faith and individuality. This practical oriented course enriches the students to become a young entrepreneur and involve the young Agricultural graduates to build the Nation to achieve the self-sufficiency in food production.

In the office of Dr. R. C Agrawal, Deputy Director General (Education) Delhi ,our Managing Director - Dr. R. Durai and Secretary - Rajaram had a great conversation regarding the agricultural education and development field. Dr. R. C. Agrawal by himself presented his self published book to our Director.

STUDY TOUR -2023

NSS- Pledge and Rallies Programme

To raise awareness about the upcoming student council elections. To encourage student participation in the electoral process. To educate students about the importance of voting and civic engagement.

Activities Conducted:

Distribution of election information packets containing candidate profiles and voting procedures. Interactive sessions with candidates for various student council positions. Voter registration drive for eligible students. Panel discussions on relevant student issues and the role of student council.

Speakers and Presentations:

Student council candidates delivered speeches outlining their platforms and visions for the college. Faculty members and guest speakers provided insights into the significance of student leadership and democratic participation.
